WATERBURY KITCHEN & BATH

Unique Spaces

The homes that I love the most are often the ones where the details have been well considered in even the smallest spaces. A charming laundry room or a cleverly designed utility cupboard can add much character to even the most ordinary space. Butler’s pantries, mudrooms, and computer areas should be more than just functional – they should inspire us in our day to day activities. Let our designers create charm and character throughout your home.

- Katy Wolfington, President
